

## 1. Internal Quality Assurance Cell (IQAC)

### Preamble:

SVKM's NMIMS MPSTME believes in moving towards excellence in quality of education by imparting knowledge which is relevant, keeping with the times and which is application oriented. To ensure that the quality of all academic processes and outcomes is sustained through continuous improvement, the Internal Quality Assurance Cell (IQAC) has been established at the Institute level. The IQAC shall maintain regular oversight of all academic operations in accordance with the requirement of Outcome based education. In pursuit of the objectives of quality enhancement and sustenance, the IQAC, augmented by external members nominated from esteemed universities, shall conduct an annual academic audit.

### Objectives of the committee:

The objectives of the IQAC shall be:

- To develop and maintain a quality culture within the institution.
- To facilitate the integration of quality enhancement measures in all institutional activities aligned with the institute's vision and mission.
- To ensure continuous improvement in the academic and administrative processes.

**Vision :** Play a distinct role in providing excellence in engineering and management education thereby creating human resources of value to industry and society both at national and international level.

- To prepare the institution for accreditation by the National Board of Accreditation (NBA) and other relevant accreditation bodies.
- To channelize efforts towards holistic development of students and faculty members to attain excellence in higher education.

### **Functions, Roles & Responsibilities:**

- Establishing and applying quality benchmarks across academic and administrative activities within the institution.
- Fostering a learner-centric environment to promote outcome-based education and supporting faculty development in utilizing relevant knowledge and technology for effective teaching and learning.
- Soliciting feedback from students, parents, and stakeholders to evaluate institutional processes' quality.
- Disseminating information regarding various quality parameters in higher education.
- Coordinating inter and intra-institutional workshops and seminars on quality-related topics and encouraging the formation of quality circles.
- Documenting programs and activities aimed at enhancing quality standards.
- Serving as the central coordinating body within the institution for quality-related initiatives and promoting the adoption of best practices.
- Developing and maintaining an institutional database using Management Information Systems (MIS) to support continuous improvement in institutional quality.
- Cultivating a culture of quality throughout the institution and preparing for accreditations from various agencies.
- Facilitating internal and external audits for quality assessment.

**Vision :** Play a distinct role in providing excellence in engineering and management education thereby creating human resources of value to industry and society both at national and international level.
